

## WinkWorld November 2006

### **Prairie Pedagogy**

Congratulations to Commish Wink, who won by 75% in Meade County, South Dakota, even though he was in California for most of the last six months.

### **Family Photos**

BopBop, Grammie, a fireman, and a Dalmatian

### **Request of A Favor**

I have been nominated for a research award for our university. I am confident many good people will be nominated, but it is an honor to be nominated. The university wants me to provide some information about my work. For example, I need to verify when/where others have cited me, and if this is online (as in online journal), it is easy to find. However, when I have been cited in books/journals, the only way to know is if I happen to see the citation in my own reading. When this has happened, I just smiled and moved on. Turns out that I should have kept a list. If you know of any citations of my work, please send me a quick email. Thank you.

Printed in the Modesto Bee October 6, 2006

[Funding Cartoon](#) Thank you to David Coverly for his work and his permission to share this cartoon with you. If you wish to use please go to [www.speedbump.com](http://www.speedbump.com) and request permission.

### **Notes From the Real World**

I have finished radiation now and am entering the next chapter of my life. I'll continue on Herceptin infusions every 3 weeks for a year, and I'll be on Arimidex pills for the next 5 years. My hair continues to grow ever so slowly, and yes, it is still black (not brown) and white. Who is that person in the mirror?
