The purpose of this presentation is to share about ***what*** critical pedagogy is and ***how*** we can each do it in our own contexts. We will do this through the use of ***words*** and ***images***.

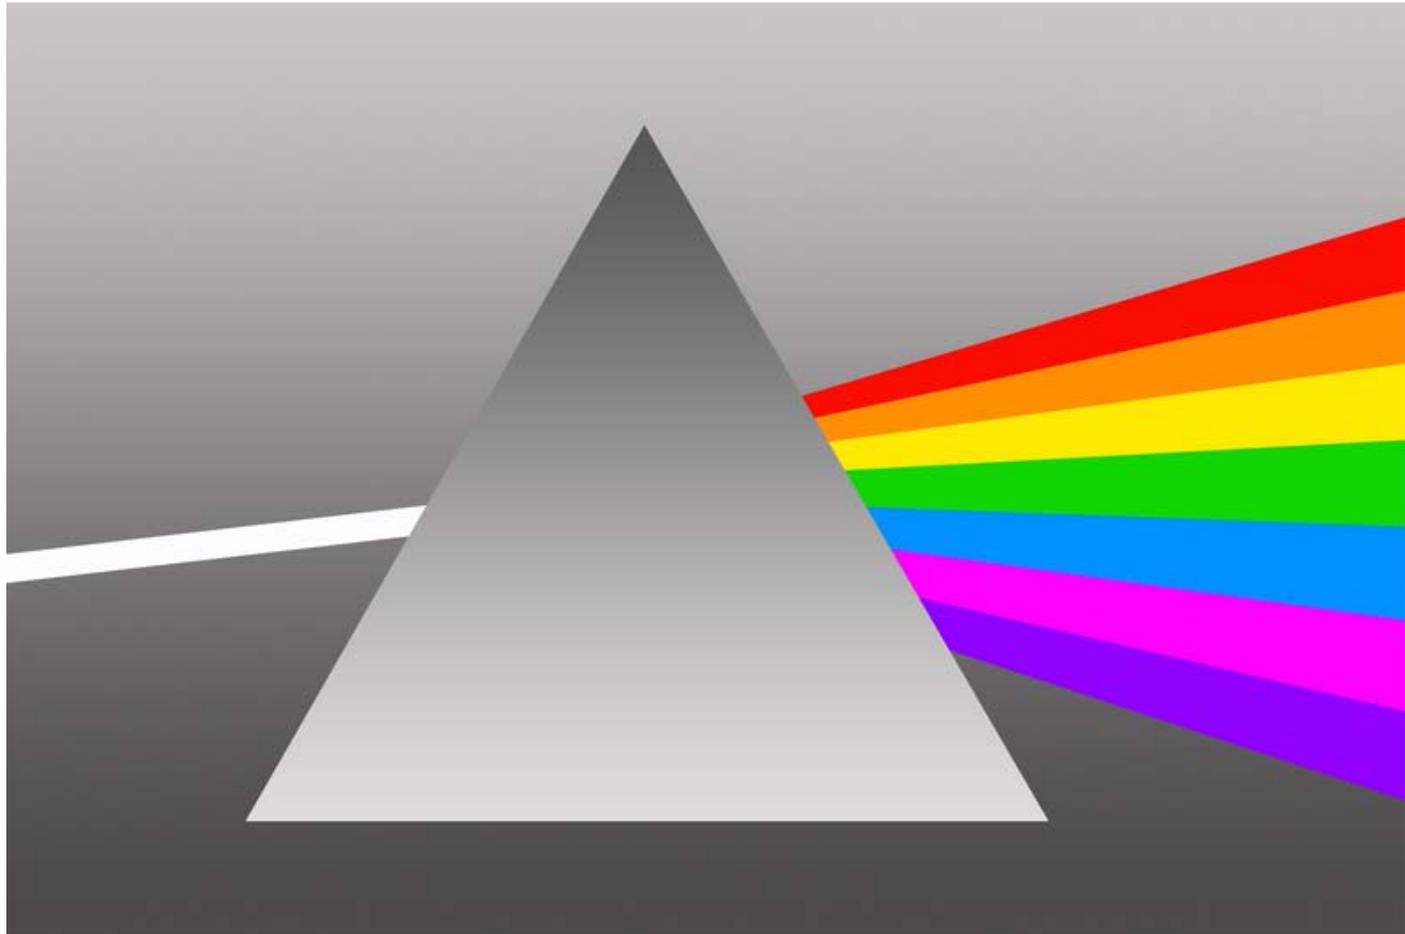

WHAT is critical pedagogy?

What is critical pedagogy?

It is a prism that reflects the complexities between teaching and learning. It is a prism which sheds light on the hidden subtleties that might have escaped our view previously. The prism has a tendency to focus on shades of social, cultural, political, and even economic conditions, and it does all of this under the broad view of history (Wink, 2011, p. 50).

What is critical pedagogy?

They were eager to create model or framework into which they could slot information. I was intent on letting information do its things. They wanted to get organized at the start; I wanted them to move into confusion. I urged them to create more information than they could possibly handle. I guaranteed them that at some point the information would self-organize in them, crystallizing into interesting forms and ideas (Wheatly, 1992, p. 150; cited in Wink, 2011, p. 49).
