

Our Post-Covid Future and the Impact on Higher Education

What are the future needs of society and students?

*Speeding up History
Accelerate the Advancing Future
10.27.2020*

Thoughts from Joan Wink & Luke Wink-Moran:
Influenced by *21 Lessons for the 21st Century* by Yuval Noah Harari, *Ten Lessons for Life Post-Pandemic* by Fareed Zakaria, and multiple current articles, & lots of SD friends

Our Post-Covid Future and the Impact on Higher Education

What are the future needs of society and students?

DIGITAL TRANSFORMATION

Artificial Intelligence (AI)
Sciences
Machine Learning
Engineering
Biotech – Bioengineering

Agriculture/Precision Ag
Machines Augmenting Humans
All Things Cyber & Digital
Math – Chemistry – Physics
Business/Economic/Entrepreneurial

HEALTHCARE

Preventive Medicine
Medical Devices
Medical AI

Telehealth
Nurses and Doctors

ENVIRONMENT

Climate Sciences
Environmental Engineering
Sustainability

EDUCATION

STEM/STEAM
Readers/Writers/Thinkers/
Educators for the Future
Emphasize STEM and STEAM
Relearning
Arts—History—Humanities

STEM—science, tech, engineering, math
STEAM—science tech, engineering, arts, math

SOCIAL SERVICES

Diversity/Inclusion
Social Justice

Demographic Changes
Title IX/Feminism/Cultures
